Q & A

Q: My child turns 5 in November. Should she be in the 3-4 year old class or the 5-6 year old class?

A: Although all children are different, typically the dancers should dance with the 3-4 year olds. The 5-6 year olds are kindergarten and 1st graders. If your child is not yet in school, the 3-4 year old class could be the best fit. If you are still not sure, we would be happy to meet your child to help make the best assessment.

Q: If my child is ill, should I call in and can the missed class be made up?

A: Please give us a call if your child will be absent. The teachers like to know. If you are in a recreational class ages 1.5-2, 3-4, 5-6, 7-9, or 10-12, the class can be made up during a class the same age and type. Please call or sop by the desk to schedule the make-up class.

Q: Does my child HAVE to wear make up to be a dancer?

A: There are many different levels of dancers at Dancin On Broadway. The short answer to the question is: NO, dancers do NOT have to wear makeup for pictures or recitals. Dancers on our Recreational Program can choose to wear makeup to help enhance their facial features for class pictures and recitals.

Q & A

Q: I heard dance is expensive. Is it?

A: As any sport, hobby, or activity, the more involved you are, the more time you spend doing it, the cost increases. At Dancin On Broadway, we work hard to provide quality dance program, with qualified instructors at reasonable prices. Our recreational classes are as low as $43 per month, for 1 form of dance. Our competitive groups start at $85 per month, for 3 forms of dance.

Q: Is it true dancers have class practice many days of the week?

A: Some of our competitive dancers may dance 2 days a week, or more if they choose. Our recreational classes meet only one time per week. Recreational dancers may take more than one class.

Q: What is the point of taking dance class when my child will never be a professional dancer?

A: No matter the profession you choose, you will need self-esteem, confidence, team work, hard work ethics, determination, and the ability to set and reach goals to be a success. At Dancin On Broadway our teachers not only give their dancer proper dance training, but encourage them to strive to be their best while learning how to work with their peers and achieve goals! DOB raises GREAT Dancers and GREAT young people!
